

Delivering Excellence

***The Journal of Bone and Joint Surgery***  
**Robert Bucholz Resident Journal Club Grant Program**

**Deadline: September 30, 2018**

**The Journal of Bone and Joint Surgery (JBJS) is proud to sponsor The Robert Bucholz Resident Journal Club Grant Program which is intended to enhance residency training by providing educational information on managing an effective journal club and teaching residents how best to evaluate the current scientific literature.**

**Objective-** to promote career long skills in evaluating the Orthopaedic literature as it impacts clinical decision making among Orthopaedic Residents

**Mission-** to promote increased usage of high quality Orthopaedic literature for changes in practice decision making

**Vision-** to see increased dependence of Orthopaedic residencies on Journal club activities to teach Orthopaedic trainees skills to effectively evaluate the musculoskeletal literature

**Eligibility:** Eligible applicants are senior allopathic and osteopathic orthopaedic residents (4<sup>th</sup> or 5<sup>th</sup> year) in approved orthopaedic or osteopathic residency training programs. At this time, applications are limited to programs in the United States and equivalent programs in Canada. A suitable mentor (residency program chair, department chair, or other orthopaedic surgeon) is required.

**Deadline for Application:** September 30, 2018.

**Submission Instructions:** Complete the application electronically and attach a pdf file of the institution's IRS Tax Determination letter to and email to [info@jbs.org](mailto:info@jbs.org) by the deadline.

**Period of Grant:** October, 2018 to June, 2019

**Amount:** \$1,500

## **ADMINISTRATIVE POLICIES AND PROCEDURES**

**Purpose:** The primary purpose of the grant is to support journal club activities. The grant period will be for one academic year. Funds not needed for direct support of the journal club can be used to support general resident educational activity, such as the establishment of an electronic media learning center or other worthwhile educational endeavors. The specific goal of the Journal Club Program is to promote career long skills in evaluating the Orthopaedic literature as it relates to impact on clinical decision making among Orthopaedic Residents. Specific objectives are:

- To provide programs with guidance in creating an effective journal club;
- To teach residents how to read and evaluate a scientific article;
- To engender effective participation in the journal club process;

JBJS believes that these objectives can be enhanced by inviting experienced orthopaedic journal editors to participate in journal club and share with the participants their knowledge about the journal peer review process. **A list of JBJS Deputy Editors who are willing to serve in this capacity will be made available to all programs.**

**Eligibility:** Eligible applicants are senior allopathic or osteopathic residents (4<sup>th</sup> or 5<sup>th</sup> year) in approved orthopaedic surgery residency training programs in the United States; equivalent programs in Canada are also eligible. A suitable mentor (residency program chairman, department chairman, or other orthopaedic surgeon) is required. It is the responsibility of the senior resident to write the grant proposal, with the administrative chief resident and the mentor as co-signers on the grant.

**Application Requirements:** See attached application form. Applications for this award must include the following:

1. The goals of the journal club program.
2. The mechanics and methods by which the journal club will be conducted. The recommended meeting frequency is monthly.
3. A brief proposed budget. Acceptable expenses include subscriptions to orthopaedic journals and resources, travel grants for guest speakers, and costs of the monthly journal club meeting (site, refreshments, and honoraria and small travel expenses for an occasional guest speaker).

**Review Procedure:** A review committee identified by the Editor-in-Chief of *JBJS* will review the applications and select the grant recipients.

**Notification of Award:** JBJS will notify each applicant within 30 days of the application deadline.

**Payment Information:** The journal club grant may be disbursed in two payments. The first payment of 50% will be issued upon approval of the application; the final payment of 50% will be issued when the required final evaluation and financial reports are received by JBJS. The grant will be made to the department and will not provide for overhead expense payable to any institution.

**Implementation Materials:** Journal club aids, selected by the Editor-in-Chief of *The Journal of Bone & Joint Surgery*, are available online at <https://journals.lww.com/jbjsjournal/Pages/Resident-Resources.aspx>.

**Survey of Recipients:** As a requirement for funding, the resident and mentor must agree to participate in periodic surveys conducted by JBJS, which will provide useful information pertinent to the mission of this organization.

**Evaluation:** JBJS will send an evaluation form to the grantee for completion by June 1, 2019. The evaluation form must be submitted by June 30, 2019. If the full amount of the funding is not used during the grant year, the excess may be carried over to the next year with the approval of JBJS.

**Senior Resident/Chief Resident Access to JBJS Clinical Classroom on NEJM Knowledge+:** New for the 2018-2019 year, the senior resident or chief resident in the funded journal clubs will also have access to the new JBJS adaptive learning platform, Clinical Classroom. In exchange for this access, regular participation in surveys will be expected. For more information about this innovative new learning resource, visit <http://jbjsclinicalclassroom.jbjs.org/ortho-residency/>.

## The Journal of Bone and Joint Surgery (JBJS) Resident Journal Club Application

**Applications must be submitted to JBJS by September 30, 2018**

<b>Grant Amount: \$1,500</b>	<b>Date:</b>
<b>Date(s) of Program: October, 2018 to June, 2019</b>	
<b>Institution / Organization Name:</b>	
<b>Federal Tax ID #:</b> Attach a copy of your IRS Tax Determination Letter to the application and include as a pdf file when sending your application by e-mail	

This request is made by the undersigned who agrees to comply with the following:

It is understood and agreed to by the applicant: (1) that funds granted as a result of the request are to be expended for the purposes set forth herein; (2) that the resident and mentor will participate in surveys conducted by JBJS periodically; and (3) that all programs supported by any award made as a result of this request shall acknowledge such support provided by The Journal of Bone and Joint Surgery Resident Education Fund.
